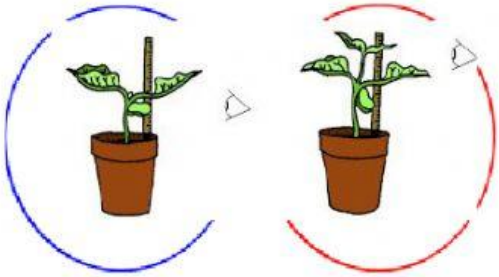
LEAD Reading and Writing Practice

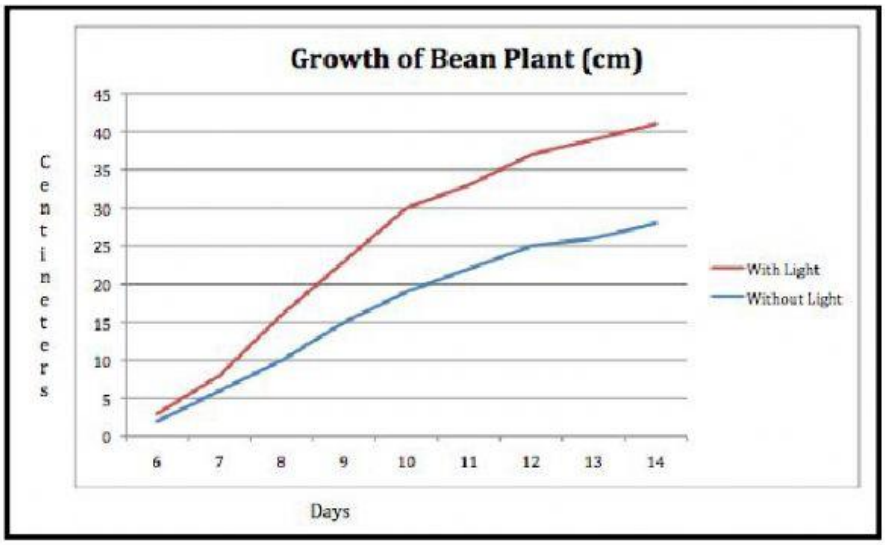
Look at the line graph below.

The lines show us how tall the bean plants grew.

- One bean plant had light! (red line)
- One bean plant did not have light. (blue line)

Can you see which plant grew the tallest?





Fill in the lines.

Ms Dudley has a _____ thumb! She is learning about growing beans. First, Ms Dudley grew some _____ with light. She let the bean plant sit in the sun. Next, she grew some beans with NO _____. She closed the windows. It was dark. The bean plants grew. But the two plants were _____. The bean plant that had _____ grew taller. It was 41 cm tall. But the bean plant that did not have light, was only _____ cm tall.

Ms Dudley learned that _____

_____

If she grows the bean plants in the sun, she will have _____

_____
