WRITING

First e-mail

Your school is organising a summer camp in Cadaqués. Your class is going to spend two weeks at the camp with students from a British school. To prepare the summer camp, your teacher has started an e-mail project with them.

Write the first e-mail to your British partners. Write between 30 and 50 words. You can tell them:

a. How old are you?
b. Where do you live?
c. Have you got any brothers or sisters?
d. What's your favourite school subject?
e. What's your favourite food?
f. What do you do in your free time?
