English Term 1 Week 6 Lesson 6 and 7

LO: To plan and write a non-chronological report about the Romans

Using all the information that you have about the **Romans**, plan and write a report about what you have learned. You can revise information from your Humanities notes and English comprehensions.

Use the planning steps on the next few pages to help you plan your writing. Remember planning is only key words and ideas not full sentences.

Once you have completed your planning you can write your report.

Your report should include:

- 1 main title/heading
- 1 introductory paragraph
- 3 subheadings and paragraphs (Paragraphs should have at least 3 to 4 sentences)
- 1 picture and caption
- Bold words

Make sure that your report is written in the **past tense**. Use formal language.
