Writing Algorithm

- **Drag and drop to create the algorithm**

Steps 01

Steps 02

Steps 03

Steps 04

Steps 05

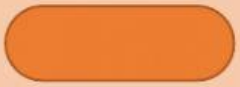
Steps 06

Start Area = length x width End Get the length of the rectangle

Get the area of the rectangle Get the width of the rectangle

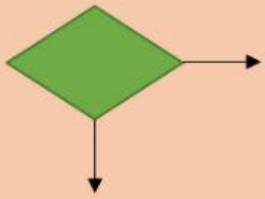
Flow Chart Symbols

- **Match the following**



Process

Data Flow



Input/Output

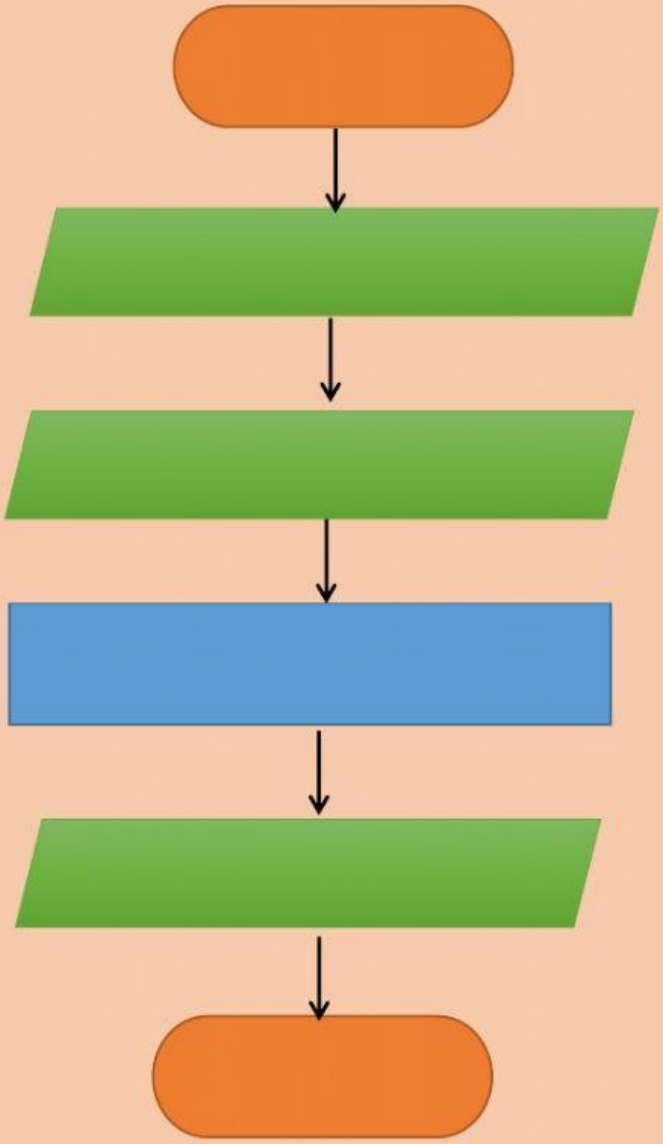
Decision

Start /End

LIVEWORKSHEETS

Flow charts

- **Drag and drop to complete the flow chart**



Start Area = length x width End Get the length of the rectangle

Get the area of the rectangle Get the width of the rectangle
