You're My World by Anya Taylor-Joy

You're my world, you're every _____ I take
You're my world, you're every _____ I make
Other eyes see the _____ up in the skies
But for me they _____ within your eyes

As the _____ reach for the sun above
So my _____ reach out to you for love
With your _____ resting in mine
I feel a _____ so divine

You're my world, you are my _____, my day
You're my world, you're every _____ I pray
If our _____ ceases to be
Then it's the end of the _____ for me

With your hand resting in _____
I feel a power so _____

You're my world, you are my night, and _____
You're my world, you're every prayer I _____
If our love _____ to be
Then it's the _____ of my world
End of my world
End of my world for me
