G. Read and write T for True or F for False.

Welcome to Madrid

The city

Madrid became the capital of Spain in 1561. About three and a half million people live in Madrid and millions of tourists visit it every year!

Getting around

It's cheap to move around Madrid. The metro is the fastest and easiest way to get around, but you can also find taxis and buses easily at any time of the day and night.

Sights

First, you may want to walk around the busy city centre. Start at the Plaza Mayor and visit the interesting shops and cafés. Then, stop at the Prado Museum. There you can find works of art by some of the world's greatest artists like Goya and El Greco. Of course, you shouldn't miss the Reina Sophia Museum. You can see Picasso's famous *Guernica* there! Later you can also visit the famous Retiro Park just behind the Prado Museum. Finally, go and see the amazing Royal Palace. It's got about 3000 rooms, more than any other palace in Europe.

What to eat

Spain is famous for its *tapas*, small delicious snacks. Stop at any of the snack bars in the city and try tapas and other popular Spanish foods.
