CRAZY ABOUT HOCKEY

Hi! My name is Sarah and I'm from the USA. One of the most popular sports is hockey. Many children learn hockey from a very young age. Schools often have their own hockey team and they play against one another in championships. This sport is played on a ice rink. In hockey, there are two teams of eleven players and they use sticks and skates to play the game. I love playing this sport with my friends at the playground!
