The Ravenmaster

[1] **There are a lot of different jobs in the world, but Derrick Coyle's job is very unusual. He is the only the only ravenmaster at the Tower of London.**

[2] **The ravenmaster is the person who takes care of Ravens that live in the Tower of London. Derrick lives there with his wife. His days start at 5 o'clock in the morning. He lets the ravens out of the cages, he feeds them, gives them water, and cleans their cages. He does all that before he has breakfast. During the day, he feed the birds and looks after them until he puts them back in the cages at about 9 o'clock in the evening.**

[3] **Derrick works seven days a week but he doesn't mind. He loves his job. "It's a lot of fun, and gives me a lot of pleasure," he says. "The Ravens are part of the family."**
