UNIT 7 REVIEW

MATTER

Materials

Let's Investigate!

How are objects different?

1. Observe all the objects.
2. Classify the objects.
   Put the solid objects together.
   Put the liquid objects together.
3. Classify each object as hard or wet. Use the chart. Make an **x** for each object.

Observations

	Hard	Wet
Gram cubes		
Metal marbles		
Ice cube		
Water		
Milk		

LIVEWORKSHEETS

Lesson 1

What is matter?

1 Draw one thing that has more mass than a pencil.
