LIVEWORKSHEETS

4 Read the text. Circle the correct answer. (5 points)

Saba Douglas-Hamilton and Frank Pope live in the middle of Kenya's Samburu National Park with their three daughters, Selkie, Luna, and Mayian. Every day, elephants, lions, snakes, and monkeys come to their home. There are monkeys in their kitchen and elephants in the garden. "We don't go to school," says Selkie. "The park is our school. We love learning about wild animals." There are over 500 elephants in the park and Saba is an elephant expert. Saba says, "People and elephants are not very different. They both like doing things with their families."

1. Where is Saba and her family's home?

A. in a city in Kenya **B.** in a national park in Kenya

2. How many children are there in Saba's family?

A. three boys **B.** three girls

3. Where are the elephants?

A. in the garden **B.** in the kitchen

4. Which school does Selkie go to?

A. The school near the park. **B.** She doesn't go to school.

5. Which animals does Saba know a lot about?
