Question 16-20: Read the passage and decide whether the following statements are true (T) or false (F).

Inbound Logistics

Inbound Logistics involves the activities of receiving, storing, and distributing raw materials for use in production. It is an integral element of business operations for a manufacturing firm. Inbound logistics services cover all activities required to bring goods from a sourcing location to a warehouse or production plant, such as transportation, inventory, warehousing and materials handling.

Receiving and storing raw materials is a big responsibility for manufacturers. Big companies may have separate facilities for storing raw materials. Smaller companies often maintain receiving areas within the plant, in which the manufacturing process takes place. The organizational element of the materials receiving process is important because it significantly affects the efficiency, with which staff can distribute materials. Delays in this process can set back production and cost the company money or opportunities.

Inbound Logistics is an outsourced service, which offers customers the following *benefits*: identification and reduction of inbound costs; lower inventory levels of both packaging and ingredients; increase supply chain agility so that new products or promotions can be brought to market faster, etc.

Statement

16. Inbound Logistics services cover all activities required to bring goods from a sourcing location to a warehouse or production plant.

17. Receiving and storing raw materials is a big responsibility only for large manufacturers.

18. Small companies usually have separate facilities for storing raw materials.

19. Delays in this process can set back production and cost the company money or opportunities.

Dear Sonja,

I'm afraid there is a problem ……(33) the scheduled deliveries…….. (34) France next week. Our customer GLP Pharma in Brest has just informed me that they are already…….. (35) of stock and need an urgent delivery of the 5mg 30 and 90 piece packs this week instead……..(36) next week.

If possible, we must try to make one partial delivery… (37) Wednesday (or as soon as the packaging is finished) of the 5mg 30 packs.

We need a direct truck….. (38) our production plant in Germany and Brest. If we can ship the first part on Wednesday morning, the truck should arrive ….. (39) Brest on Thursday afternoon.

The second delivery should be made on Friday with the rest of the 5mg 30 and the 90 packs. As the products are needed….. (40) Monday, the truck must be unloaded in Brest on Saturday or Sunday.

Please let me know if there are any problems!

Regards,
Jon Frederikson
Logistics Manager
