1. Click the speaker to listen

ENERGY

1 TYPES OF ENERGY

- Renewable energy
  - Eolic energy
  - Solar energy
  - Hydraulic energy
- Non Renewable energy
  - Oil
  - Coal
  - Natural gas

2 FORMS OF ENERGY

- Electrical energy
- Light energy
- Thermal energy
- Mechanical energy
- Chemical energy

3 CHANGES OF ENERGY

- Electrical energy → Thermal energy
- Chemical energy → Mechanical energy
- Electrical energy → Light energy
