CLASSWORK N° 7

1. Read the paragraph and do the exercises

Dinosaur Ridge is a very interesting museum for dinosaur fans. It has dozens of Jurassic dinosaur bones. This museum is located in Denver, Colorado. Visitors can walk to the Visitor's Center and take a guided tour to see and touch the bones. They can also see an exhibition of the history of dinosaurs. People admire murals of the Mesozoic past of Denver. The best activity for children is the bone digging program. In this program, children dig and discover dinosaur bones and learn while they play
