

The Coconut Tree

The coconut tree is thought to be one of the most valuable trees in the world. It is mostly found by the sea where there is a hot and wet

temperature	condition
climate	weather

 The coconuts often fall into the sea and float on the water until they

reach	go
travel	arrive

 another beach, where more trees then begin to grow.

Holiday makers often see the coconut tree as no more than an attractive sun umbrella that provides

cloud	dark

 . However, this amazing tree has hundreds of

uses	jobs
roles	things

 and more are still being discovered.

People have made houses, boats and baskets from the coconut tree's wood and leaves for centuries. Even today, if you take a
