Good morning

Good evening, good evening,
See, the sun is shining
Homework and chat with James
We meet at the week-end
And watch the bugs don't bite
After school, after school
Boys and girls are dining
We're all going to school

Under the stars and moonlight
Good afternoon my friend
Good morning, good morning
Learning things is so cool
Goodnight my friend, sleep tight
TV, computer games
We go to the swimming pool
Good night, good night

Drag and drop
