Colours:

1. In French language , the nouns are classified in to masculine and feminine gender.
2. The adjective of colours also has masculine and feminine forms.
3. So while describing a noun using a coloiur, select the colour according to the gender of the noun.
4. That is , if a noun is masculine and singular, then select a masciline singular noun.
5. If a noun is feminine and singular , then select a feminine singular noun .

Exemple:

a) Le livre est bleu. (Le livre is masculine noun, so the colour -bleu in masculine form is used .)

b) La table est bleue.(La table is feminine noun, so the colour -bleue in feminine form is used.)
