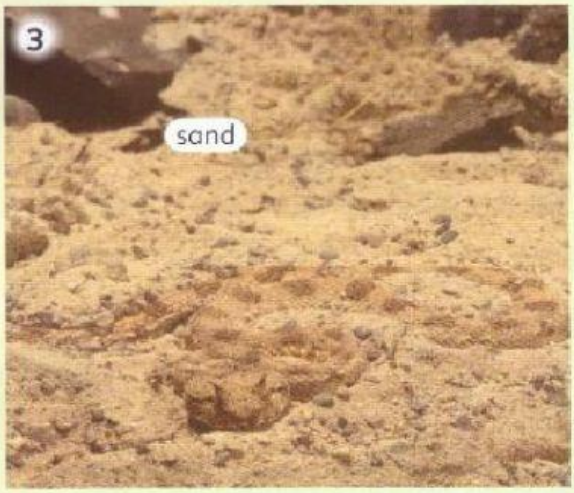
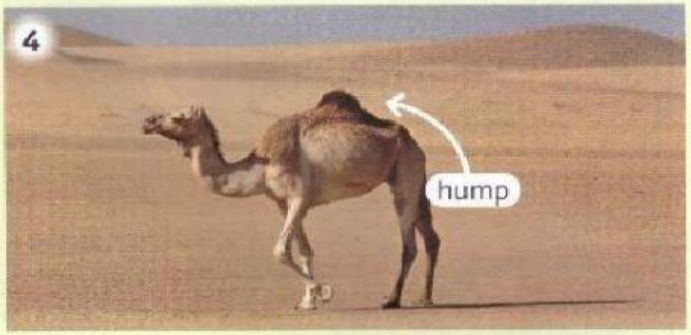
READ ABOUT JASMINE. THEN, SELECT THE CORRECT OPTION.

I'm Jasmine. I live in Morocco. I like animals. My favourite animals are lizards. They're reptiles. They've got scales and long tails. There are lots of lizards here. They like hot places. They live in the desert.

Lots of animals live in the desert. This is a fox. It's white and brown. It's small, but it's got very big ears. Foxes are mammals.



Snakes live in the desert. This snake is brown. The sand is brown too. The snake is camouflaged.



People travel in the desert on camels. Camels have got one or two humps. They've got long legs and big feet. They can walk on sand.
