My timetable – Josh, 12 years old

Monday

I start school at 8:00 a. m. and finish at 1:30 p. m. I've got English, Maths, Geography, History and Physics. There are extra PE classes in the afternoon: football and basketball but I don´t like sport, so I don´t go there.

Tuesday

Tuesday is really long. Lessons start at 8:55 a.m. and finish at 3:20 p.m. I've got Art, English, Maths, Spanish, double PE and Chemistry.

Wednesday

Lessons start at 8:00 again, just like Monday. I finish school at 12:35 p.m. - the earliest in the week. I have Music, Biology, Maths, English and Physics. In the evening I have my Film Club.
It starts at 4:00 p.m. and we usually watch a film and finish at 5:30 p.m. I'm back at home at about 6:00 p.m. Usually I'm dead tired!

Thursday

Thursday is OK because I start school at 8:45 a.m. and finish at 1 :30 p.m. I've got double Science, IT, English and History and no extra activities! I do most of my homework and housework on Thursday. Sometimes when Dad comes home early we all go somewhere – to the zoo, to the park or we go shopping.

Friday

At the and of my week at school, on Friday, I start school at 8:00 a.m. and finish at1:30 p.m. I have English, Maths, twice P.E., Geography and Spanish. The I meet my friend Tim at the computer club at 2 p.m. My best friend Tim and I play together computer games.

TRUE / FALSE – označ, co je pravda

1. He goes to school every day.
