Volunteer Project in Lesotho

Lesotho is a small (1).....(DEPEND) nation in the middle of southern Africa. The (2).....(KING) of Lesotho lies more than 1,000 metres above sea level. With its wild (3).....(SPOIL) landscapes, it is a paradise for nature lovers and outdoor (4).....(ENTHUSIASM), and also offers the opportunity for visitors to gain (5).....(PRACTICE) experience of African culture. This is particularly true in the rural areas, where the distinctive and (6).....(COLOUR) traditions of the country are still very much alive.

Volunteers are now needed for two related projects for a community- based organisation in the Maletsunyane gorge, a remote and spectacular region in the highlands of Lesotho. One project will involve improving the (7).....(HAZARD) track used by both visitors and locals to reach the base of a waterfall in the gorge. For the second project, volunteers are needed to (8).....(TAKE) a biodiversity survey of the region. (9).....(FORTUNE), much of this area is suffering from overgrazing, hunting and other activities which threaten the (10).....(SUSTAIN) of the land.

Volunteers will be accommodated in shared rooms. There is a communal kitchen, and also a chance to experience the local restaurants. Special dietary (11).....(REQUIRE) can be provided for if advance notice is given.
