Hi Neil,

How are you? I've had a very busy Saturday! I've made my bed and I've tidied my room. I've also vacuumed all the floors in our house! Mum's working today so I wanted to help her. Dad's been to the supermarket. He's bought lots of food and put away the shopping. He's going to cut the grass after lunch, and I'll sweep the patio.

Tomorrow I'm going to explore a cave with my friend Paul. It will be my first time, and I think we'll have a lot of fun!

Can you come to my house next weekend? We can watch that new programme about parrots. I'd love to learn more about them and it will be good for my science homework.

Write soon,

Gabriel
