"THE FINAL COUNTDOWN"

"The Final Countdown" is a song by Swedish rock band Europe, released in 1986. The song reached No. 1 in 25 countries.

We're leaving together,	We're leaving ground (leaving ground)
And maybe we'll come back	To earth, who can tell?
I guess there is no one to blame	But still it's farewell.
Will things ever be the same again?	
It's the final countdown. The final countdown…Oh!	
We're heading for Venus (Venus)	And welcome us all, yeah.
'Cause maybe they've seen us (seen us)	
With so many light years to go	And still we stand tall
I'm sure that we'll all miss her so.	And things to be found (to be found)
It's the final countdown. The final countdown…Oh!
