MAZE RUNNER: CHAPTER 47, 48 & 49

FIRST	THEN	NEXT	FINALLY
Thomas goes through the changing and his memories come flooding back.	Thomas tells the Keepers that he was with the Creators when the Maze and the Code were made.	Thomas reveals that they were all taken from their homes at a young age because they are really smart and their names aren't even real.	When Thomas wakes up, he tells Teresa that the Creators have done all of this as a test to weed out the weak. Escaping is the final test.
