GOVERNMENT OF DUBAI

Sheikh Rashid Bin Saied Islamic Institute

Grade 7 General Term 2 (2020-21) READING SKILLS CHECK 1

Read the email from Abdullah to his family. Choose the correct answer A, B or C.

I am really enjoying being a tourist in the UAE. We have done so many great things. So far, my favorite part was a dhow tour. It was a guided tour and it lasted four hours. It went through all of Dubai Creek and the view was beautiful. I also enjoyed walking by the creek.

Yesterday, we were at the top of a very tall skyscraper. I took the best photographs while looking through the windows. We had a view of the whole city. This is the tallest building I have ever been to and it has the best views. I wish you were all there with me.

Today, Ali and I went to Marina Mall. It was easy to find its location. We just followed his dad's directions. First, we entered the North side of the shopping mall. Next, we followed the signs for the cinema. We ate pizza at the restaurant in front of the cinema. Luckily, Ali agreed that going to the cinema before shopping was better. He knows that I don't like going shopping as much as he does.

See you next week,

Abdullah
