PRIMARY- Section H

Read this and answer all the questions below.

Hayley is twelve years old. She loves weekends. On Saturday, she usually stays at home. She gets up at nine o'clock. She does her homework. She cooks lunch with her mother. Hayley also plays with her brother, James. He likes animals and has 20 pets. He has 15 goldfish, three rabbits, and two dogs. The white dog's name is Snowy. The black dog's name is Piggie because he is very fat. On Sunday, Hayley sometimes goes to the town centre. She goes there with her best friend, Alice. They usually ride their bikes to the town centre. Hayley sometimes goes to the library.
