INTERACTIVE WORKSHEET 02

I. Count the following.

1. There are 3 red roses in a bunch. There are three such bunches. How many red roses are there altogether.

3 Roses 3 Roses 3 Roses

3 + 3 + 3= ☐

Altogether, there are 9 red roses. Note that the number 3 is added three times = ☐ bunches

2. Count the number of roses in each bunch and add them to find the total number of roses.

Total number of roses = ☐ + ☐ + ☐ + ☐ = ☐
