This is a beautiful landscape with an _____(1) and a _____(2). There are some big _____(3) on the _____(4), and there's a small _____(5) next to the _____(6). It's a _____(7) _____(8), and there are some big mountains on both sides of the _____(9). The mountains are very high, and there's a lot of snow on top of them.

The water in the _____(10) is _____(11) blue and green, and it's very cold. It's also very clean, so you can drink it. But be careful! The water is very _____(12) in some places. The _____(13) is very cold too, but it's not as _____(14) as the _____(15). It's also very clean, and there are a lot of fish in the _____(16) and the _____(17). You can see the fish very clearly because the water is clean. The fish are very big, and they're good to eat.

There aren't any trees in the _____(18), but there are some small plants. The plants are green, and they're very beautiful. There aren't any animals in the _____(19), but there are some birds in the sky. The birds are big, and they're black and white. They aren't beautiful, but they're interesting.

I think this is a very beautiful place, but I don't want to live here. It's very quiet, and there aren't any people. There isn't a road or a town, so it's difficult to go shopping! But it's a great place for a holiday. You can swim in the _____(20) or the _____(21), and you can walk in the mountains. In the winter, you can ski on the snow. And if you like fishing, it's a wonderful place for that too.
