WROCŁAW ZOO

If you're looking for a great day out, why not try the zoo in Wrocław? It's a great place for the whole family, with something for everyone. If you don't mind scary animals, try the snake house, where they have pythons, black mambas and even an anaconda! For younger kids there is a mini-zoo with some cute, small animals we normally think of as pets. There is an open area with guinea pigs and rabbits, and, for a few zlotys, you can buy some food so that you can feed them yourself. If you are lucky, you might even be able to touch them. The bigger animals in the zoo include orangutans, which are great fun to watch, and also a polar bear. It sometimes gets too hot for the polar bear, so they give him a big piece of ice with frozen food in it. He loves playing with it and then eating the food. The biggest attraction of the zoo is Afrykarium – which contains Poland's first oceanarium. You can see seven species of sharks there! Wrocław Zoo is more than 150 years old but Afrykarium is really modern! There is also Odrarium – a special area with the flora and fauna of the Oder River. Don't leave it any longer! Visit Wrocław Zoo!
