While-reading

Read the passage carefully.

Victoria, named after the British Queen Victoria. There is a very large green leave that lies flat on the water's surface. It has a leaf that is up to 3 meters in diameter, on a stalk up to 8 meters in length. It can hold objects as heavy as 70 kilograms.

Its leaf features thorns that face toward the water, which provide the plant a means of protection and the Victoria Lotus's flower changes color from white to pink and then to purplish-pink for each of its three days in blossom.

Victoria Lotus has become a tourist attraction with thousands of visits to the Doobua Chiang Rai Victoria and Lotus Garden. It located in Mueang Chiang Rai District. The best time to see, it is from June to October.
