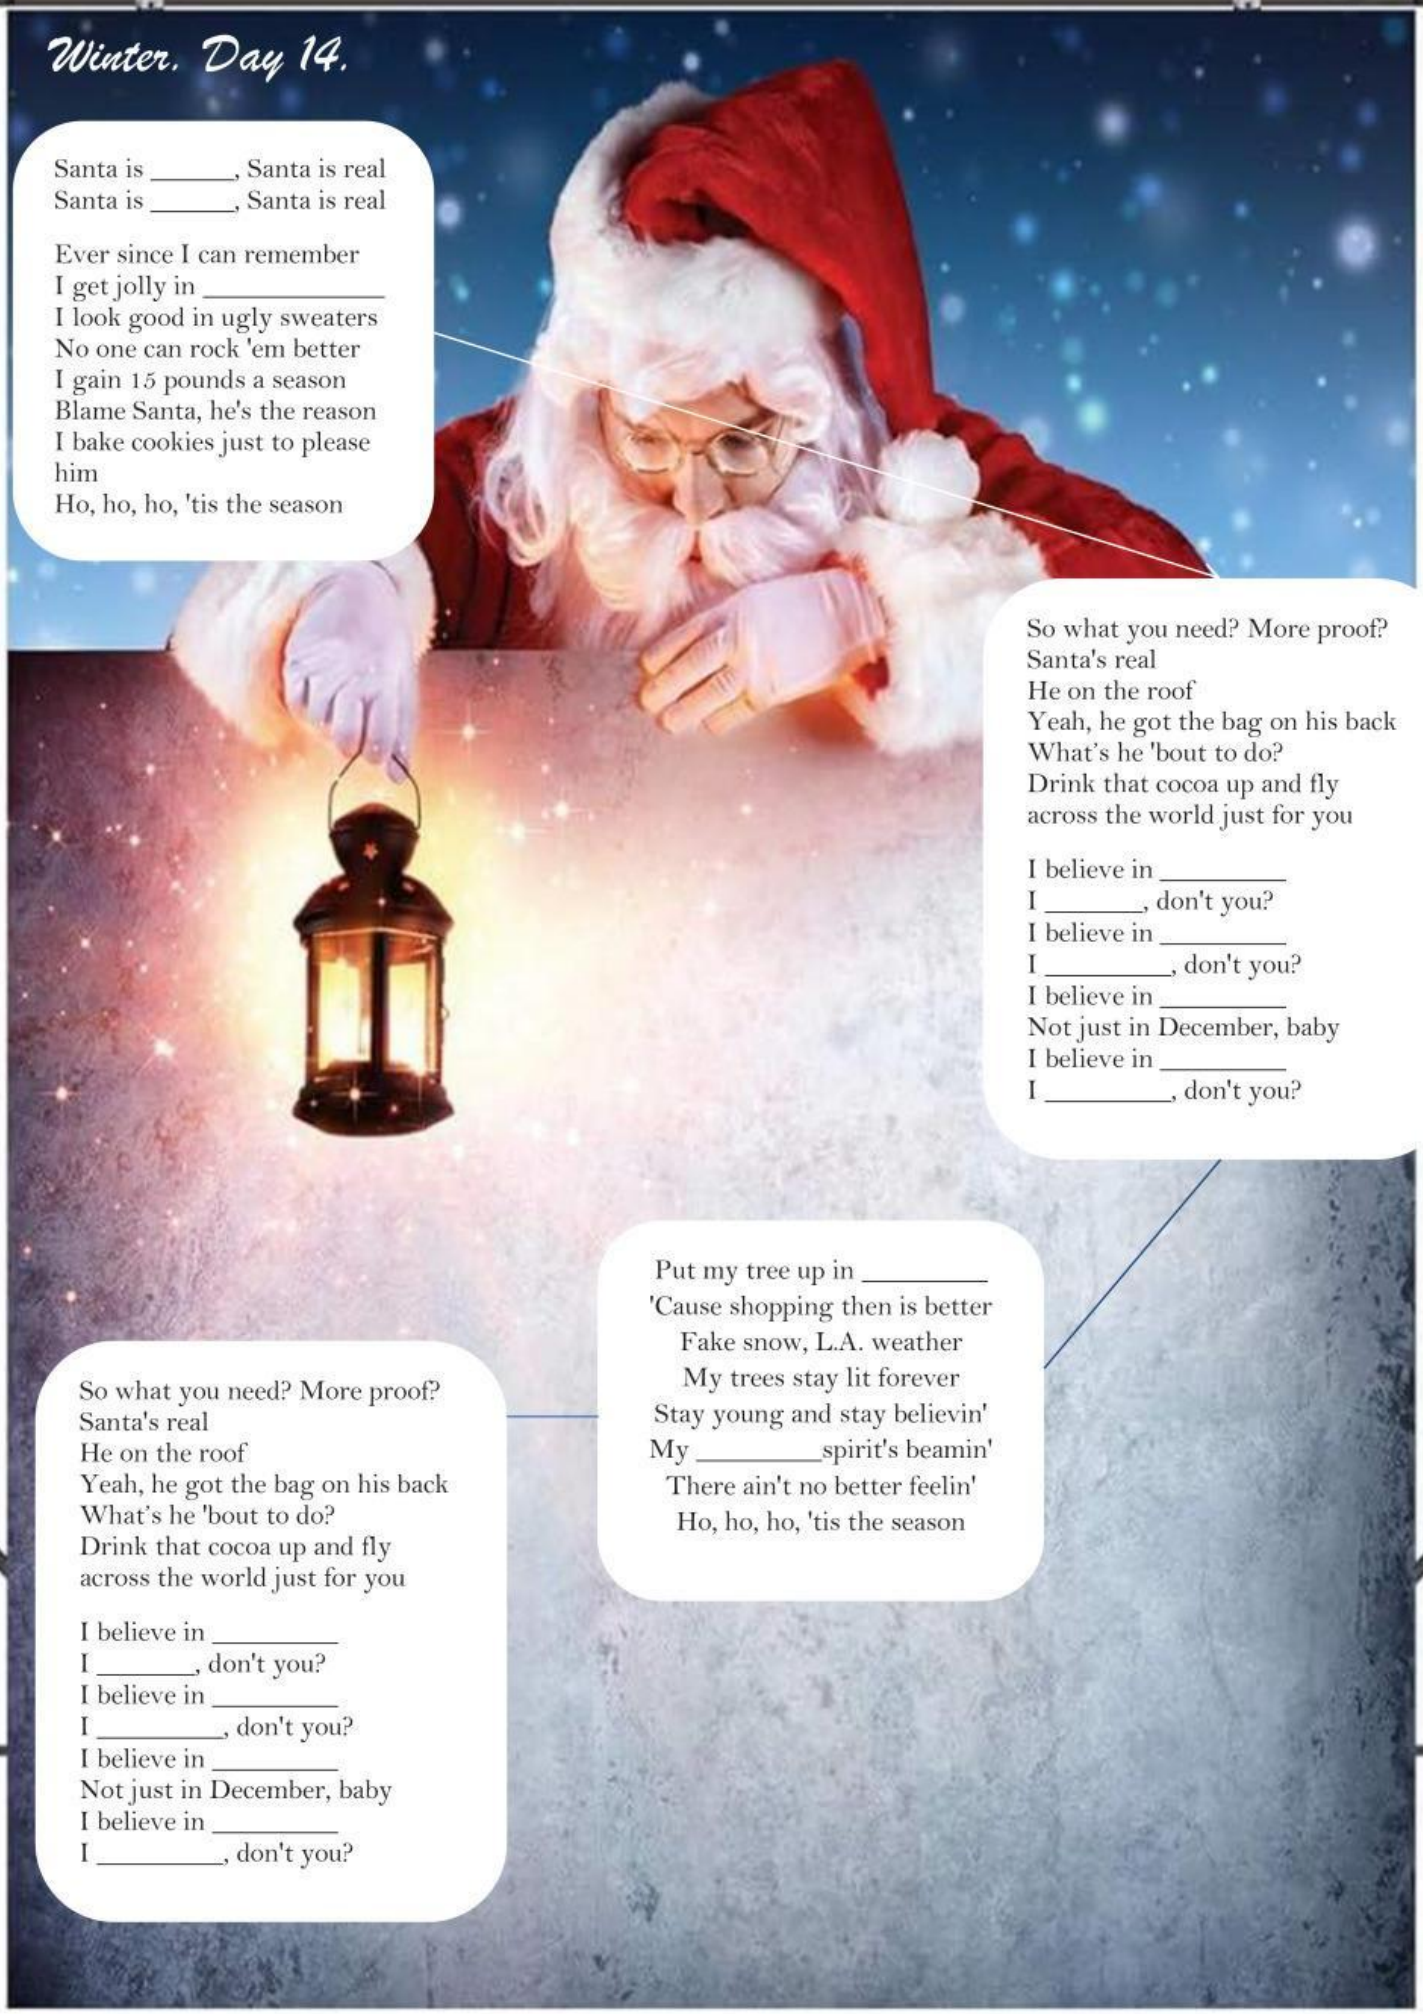
Winter. Day 14.



Santa is _____, Santa is real
Santa is _____, Santa is real

Ever since I can remember
I get jolly in _____
I look good in ugly sweaters
No one can rock 'em better
I gain 15 pounds a season
Blame Santa, he's the reason
I bake cookies just to please him
Ho, ho, ho, 'tis the season

So what you need? More proof?
Santa's real
He on the roof
Yeah, he got the bag on his back
What's he 'bout to do?
Drink that cocoa up and fly
across the world just for you

I believe in _____
I _____, don't you?
I believe in _____
I _____, don't you?
I believe in _____
Not just in December, baby
I believe in _____
I _____, don't you?

Put my tree up in _____
'Cause shopping then is better
Fake snow, L.A. weather
My trees stay lit forever
Stay young and stay believin'
My _____spirit's beamin'
There ain't no better feelin'
Ho, ho, ho, 'tis the season

So what you need? More proof?
Santa's real
He on the roof
Yeah, he got the bag on his back
What's he 'bout to do?
Drink that cocoa up and fly
across the world just for you

I believe in _____
I _____, don't you?
I believe in _____
I _____, don't you?
I believe in _____
Not just in December, baby
I believe in _____
I _____, don't you?
