Reading and Comprehension Exercise: The Lost Key

Once upon a time in the bustling city of Crestville, lived a curious girl named Emily. One sunny afternoon, Emily found an old key while exploring her grandmother's attic. Intrigued, she asked her grandmother about it.

Her grandmother, Mrs. Thompson, smiled warmly. "That key unlocks the hidden door to the Forgotten Garden, a magical place filled with wonders," she explained.

Determined to find the garden, Emily embarked on an adventure. Following the key's mystical glow, she arrived at the entrance of a secret garden. The air was filled with the sweet scent of blooming flowers, and colorful butterflies danced around.

As Emily wandered deeper, she encountered talking animals who shared stories of the garden's past. A wise owl named Oliver told her about the time the garden was a meeting place for mystical creatures, and a mischievous squirrel named Sammy recounted tales of playful adventures.

In the heart of the garden, Emily discovered an ancient fountain. Legend had it that anyone who made a wish at the fountain would have their deepest desires fulfilled. Emily closed her eyes, made a wish, and felt a surge of warmth.
