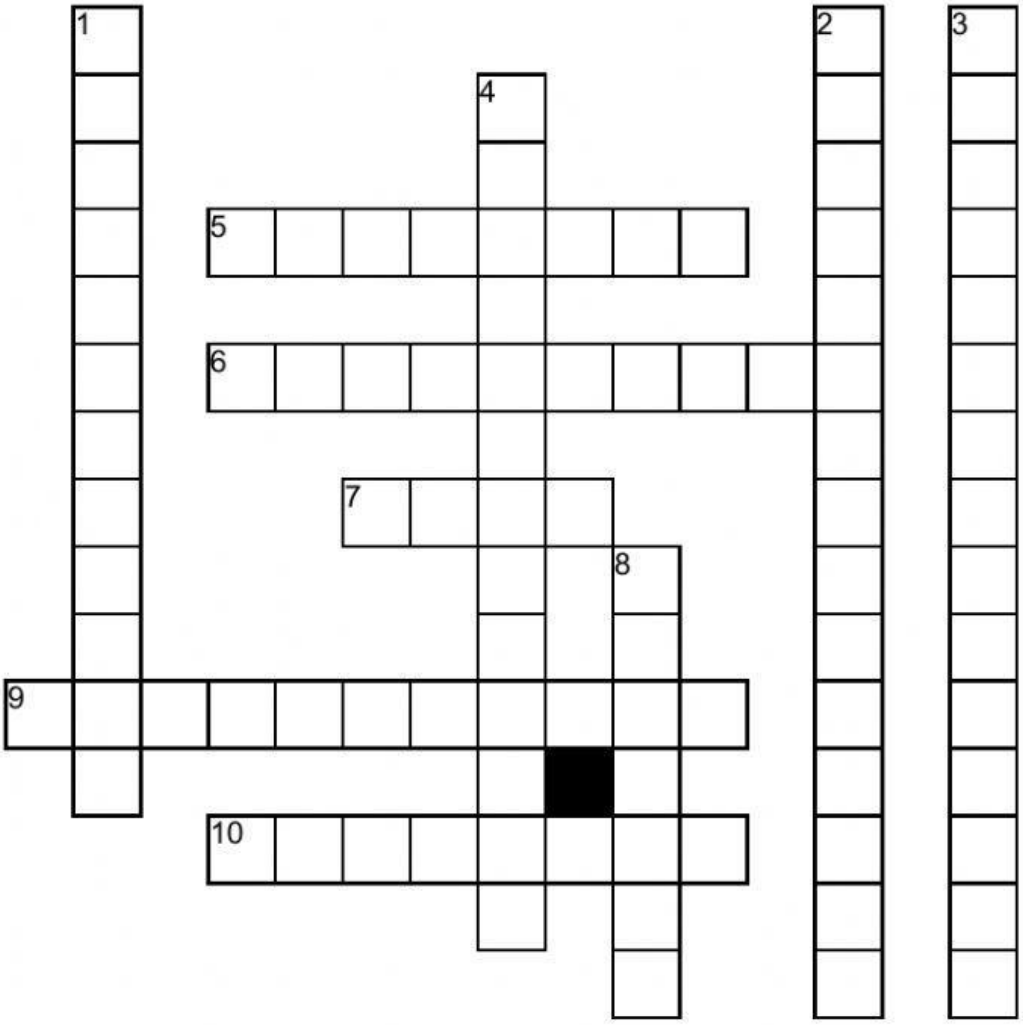
Name: _____ Date: _____ Period: _____

The Nitrogen Cycle



Across

5. Step to make nitrogen useful to plants

6. What do farmers add to the soil to add more nitorgen into the soil?

7. How do plants get the nitrogen they need?

9. One way for animals to get nitrogen compounds in their systems is?

10. What is 78% of the air made of?

Down

1. How plants get nitrogen

2. the process of extra nitrogen getting released into the air

3. the process of decomposers turning the nitrogen back into ammonium

4. the process of ammonium getting changed into nitrates by bacteria

8. What do plants use nitrogen to make?
