Name: .....

Grade: 9 Advance

Week 1

Find information in Google and write them down

## Computer programming skills

Research and list the names of 3 people who have been successful in the computing industry. At least one person should be a woman and one should be an Emirati. With the competencies and skills you develop while studying computing, your name could be next on that list.

| Name | What they have achieved in computing |
|---|---|
| | |
| | |
| | |

## Requirements for future jobs

Research and describe the terms in the table below. How do they relate to computing?

| Term | Description | Comment |
|---|---|---|
| Artificial intelligence | | |
| Autonomous robot | | |
| Blockchain | | |
| Cloud computing | | |
| VR | | |
