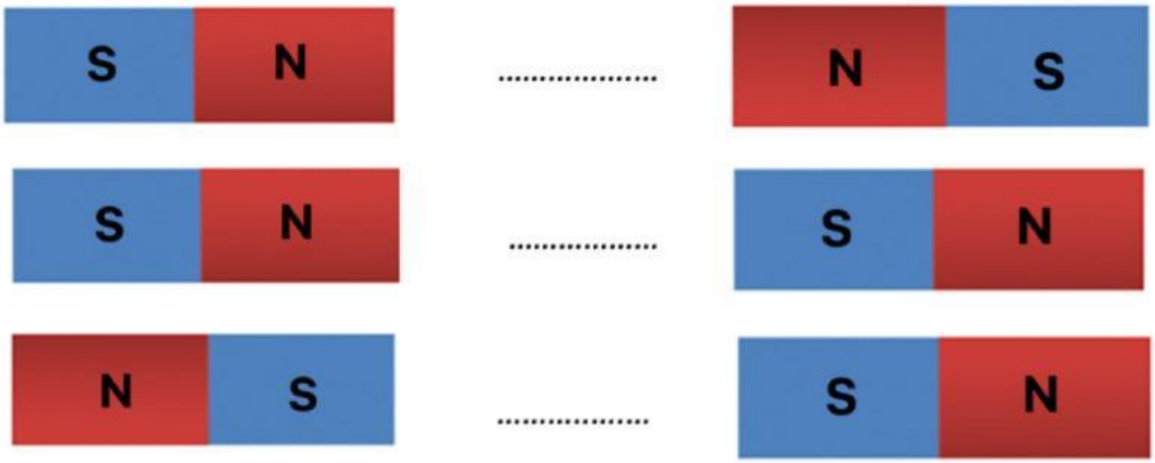
SCIENCE REVIEW

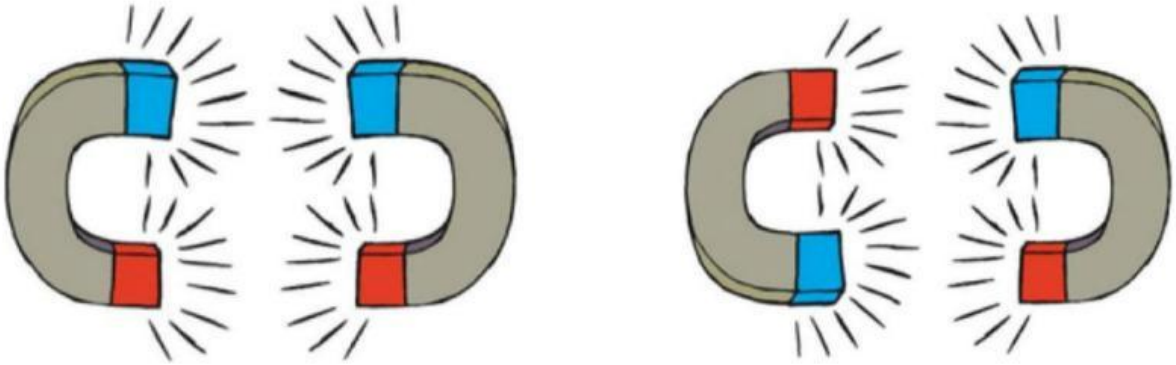
1. What is a life cycle?

2. Select the corresponding life cycle of a jalapeno plant.

3. What is the mature stage in a plant?

4. Select Repel or Attract for each pair of magnets.





LIVEWORKSHEETS

5. Select true or false:

- Every magnet has two poles.	True	False
- North and South poles attract.	True	False
- Magnetic materials are made of wood.	True	False
- Flowering plants go through different stages.	True	False
- Magnetic materials are metal.	True	False
- The seed is the first stage of a Jalapeño plant.	True	False
- Animals live forever.	True	False

6. Match the concepts.

- Every magnet has 2…	- Forces
- Area of magnetism around a magnet	- Magnetic field
- Speakers use magnets to send out…	- Poles
- Pushing and pulling	- Sound waves
