12.3 Write below the words that you underlined in each sentence. Keep the words in the correct order.

1.	2.	3.

12.4 Match three verbs (one from each column) with a similar meaning. They are all typical activities of an engineer. I have given you the word from the first column; add only the words from columns two and three.

Column 1	Column 2	Column 3
analyze		
construct		
determine		
implement		
monitor		
eliminate		
evaluate		
manage		
repair		
simulate		

The verbs in the third column are more _____.
