
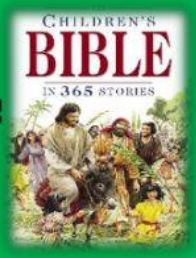
Religious Studies: Notes

Theme: Growing with values - Excellence



The word excellence means high quality; an excellent virtue. Excellence is an important virtue because it motivates individuals to go beyond a limit or standard. The quest for excellence drives individuals to perform at their best and achieve greatness.

Two biblical characters who exhibited the spirit of excellence are Daniel and King Solomon.

1. In Daniel Chapter 6 verse 3 we discover that Daniel performed better than his supervisors because his work was outstanding.
2. King Solomon was a king of excellence. His wisdom surpassed all and his palace was magnificent.

Students can demonstrate excellence in the following ways:

- Attend school every day and be prompt
- Do your best on all your assignments
- Treat others with respect
- Practice until your skills improve
- Be neat in appearance Excellence must be practiced daily.
