The Black Sea washes the country in the south and the Sea of Azov washes it in the southeast.

1

Our Motherland is the country of many rivers. The most important rivers are the Dnipro, the Dniester, the Danube and the Desna. The biggest lake in Ukraine is Lake Yalpuh and the deepest one is Lake Svityaz.

2

There are the Carpathian Mountains with the highest peak Hoverla (2,061m high) in the west of the country. There are the Crimean Mountains with the highest peak Roman-Kosh (1,545 m high) in the south.

3

Ukraine is situated in the southeastern part of Europe. The geographical centre of Europe is situated in the small town of Rakhiv, in Zakarpattia.
