blackboards	lockers	mathematics	computers

The West Philadelphia School of the Future was opened in 2006. It's difficult to believe, but students there don't need any books. Instead, students use _____ (1). Mathematics is taught with OneNote, a note-taking app, and teachers use computerized smart boards instead of traditional _____ (2). Students use digital _____ (3) that open with the flash of an ID card. The lessons begin at 9.00 a.m. and end at 4.00 p.m. to be like a normal workday instead of a typical school day.

The school soon became successful. Students show good results in _____ (4), reading and sciences. As they can use Microsoft Office and other programs very well, they have higher chances to find a good job after finishing school.
