Safe and Responsible Use of Technology worksheet

Names: _____

Technology is an essential part of our daily lives, and it's important to use it safely and responsibly. Understanding when to use technology and when to avoid it is crucial, especially in a digital age where privacy and security can be at risk. This worksheet will help you practice using "should" and "should not" in the context of technology use.

Fill in the Blank with should or should not.

1. You _____ share your passwords with anyone.
2. We _____ use strong passwords to protect our accounts.
3. Children _____ spend too much time on social media.
4. You _____ download apps from untrusted sources.
5. To stay safe online, you _____ check privacy settings regularly.

Complete the questions with should or should not. Then, choose the correct answer.

1. What __ you do if you receive a suspicious email?
   - A) Open it immediately
   - B) Delete it without clicking any links
   - C) Forward it to all your friends
2. You __ use public Wi-Fi for online banking because:
   - A) It's convenient
   - B) It's secure
   - C) It's not safe
3. To protect your personal information, you __:
   - A) Share it on social media
   - B) Keep it private
   - C) Use the same password everywhere
4. Before posting a photo online, you __:
   - A) Check who can see it
   - B) Post it without thinking
   - C) Tag everyone you know
5. If a website asks for too much information, you __:
   - A) Provide it all
   - B) Ask why they need it
   - C) Ignore it
