Grade 4 Collecting Data

Expectation D1.2

1. Draw a line to the correct source of data:

Collecting data from a survey distributed in class	Primary
Data from Statistics Canada	Secondary
Data gathered from an article	
Collecting data by asking customers about their store experience	

2. Anne asked her classmates what was their favourite season. There are 28 students in her class. 10 of them like summer, 8 of them like winter, 3 like spring, and the rest like fall. Draw a frequency table below. Remember to give the table a title and a source.
