Name_____

For each reaction look for the 2 items below:

1. Color change
2. Precipitate (murky, cloudy, gel like substance forming)

- If you do not see any of this, write no reaction in the box

If you see a reaction, you will write BOTH the formula 1st AND name of the ionic compound 2nd

	Cl^{1-}	I^{1-}	OH^{1-}	CO_3^{2-}	SO_4^{2-}
Ag^{1+}					
Ca^{2+}					
Cu^{2+}					
Fe^{3+}					
Na^{1+}					
Pb^{2+}					

***RED** requires a Roman numeral in the name. Use the charge given and write as a Roman Numeral
