Hi Sara! How are you? I'm at a winter camp in Kars. I'm having an amazing time here. I've got many new friends like Jack, Lily, Ben, and Emre. We can do lots of exciting activities together. As you know, I love skiing and snowboarding. In the afternoons, we play ice hockey. My friends love ice hockey, but I'm not really into it. We also like playing badminton and another fun winter sport. There's a big rink, so we can play these sports anytime. Unfortunately, Lily and Ben can't play the other winter sport very well. They always lose the game.

In the evenings, Jack and I play checkers. Emre and Lily love drawing. I'm not very good at drawing, so I usually watch them. We all enjoy snowball fights and building snowmen. It's really fun to be here. I'm having a great winter!
