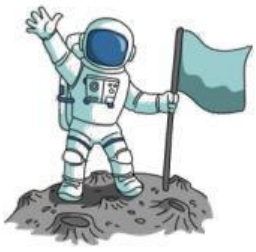
1. .....

2. .....

3. .....

4. .....

5. .....



6. .....

7. .....

8. .....

9. .....

10. .....

11. .....

12. .....

13. .....

14. .....

15 .....

<u>Task 2</u>: Complete the sentences below with the correct words from the text.

LIFE IN SPACE

Michael Lopez-Alegría is an astronaut. He is from Spain but he lives in the USA. He works with other astronauts to learn about the planets. The astronauts live in space for months. They work and sleep in their space station.

The alarm clock rings early and the astronauts get up. They get dressed and they have breakfast. Eating in space is funny. Everything floats around! After breakfast they brush their teeth and start work.

Michael's job is to observe the planets through a telescope, and he takes photos. He learns a lot about space. He is busy all day.

After work, the astronauts write emails or they exercise. Then they have dinner and later they watch DVDs. Finally, they go to bed. It is difficult to sleep because you can't lie down.

Sometimes the astronauts go outside the space station. They call this spacewalking. They wear special suits when they go for a spacewalk.

1. Michael Lopez-Alegría is an _____.
2. Michael Lopez-Alegría works with other astronauts to learn about the _____ .
3. Michael uses a _____ to observe the planets.
4. After work, the astronauts write emails or _____.
5. It is hard to sleep in space because you can't _____ down.

Task 3: Listen and draw lines. There is one example.
