5.1: Read the text. Choose the right words and write them on the lines.

Wood

Wood comes from trees and also from a few other, smaller plants. It is strong, easy to cut, and you can find it in **many** places in the world. We burn it (1) ---------- we are cold, and we make thousands (2) ---------- different things with it.
(3) ---------- are two kinds oj wood, 'hardwood' and 'softwood', but these are only names. They are not hard or soft. The difference is this: they come from different kinds of trees and (4) ---------- wood is good for different things. Most hardwood comes from trees with leaves which (5) ---------- in the autumn. These trees are (6) ---------- 'deciduous' trees, Hardwood is good for tables and chairs, for example, because it is more beautiful (7) ---------- softwood. Most softwood comes from trees which have leaves in summer and in winter (8) ---------- Softwood is good for big things, for example, bridges, and we can make paper, paints and plastics from it. Wood is not very expensive or difficult to get, but we must be careful. We are (9) ---------- the wood from the world's jungles and forests very (10) ----------

Example	much	**many**	every
1	when	so	then
2	from	for	of
3	There	Those	They
4	their	our	his
5	fall	fell	fallen
6	calls	called	calling
7	if	than	but
8	to	two	too
9	use	used	using
10	quickly	quicker	quick

Whales

Whales are sea animals that look like very big fish. But whales are different from fish because their babies _____**stay**_____ with their mothers and drink their mother's milk (1) ---------- a year or more. Whales are also different from fish because they (2) ---------- to swim up to the top of the water (3) ---------- take air in every 30 or 40 minutes. (4) ---------- are two different kinds of whales: whales with teeth and whales without teeth. One kind of whale that (5) ---------- have teeth is the Blue Whale. Blue Whales are the (6) ---------- animals in the world, but they only eat very small sea animals. These are (7) ---------- 'krill'. Dolphins are a kind of whale with teeth. They eat fish and live in family groups. They learn quickly and people (8) ----------. Swim with dolphins never (9) ---------- them because they are very clever, friendly and beautiful. Whales have strange songs which they whistle or sing under the water. These songs are very loud. The whale is noisier (10) ---------- all other animals.

Example	stays	**stay**	staying
1	of	since	for
2	has	have	had
3	at	by	to
4	There	They	Those
5	doesn't	don't	didn't
6	big	bigger	biggest
7	called	calling	call
8	which	who	when
9	forget	forgot	forgotten
10	or	from	than

Ducks and Swans

There are many different kinds of ducks and swans and they **live** on the lakes and rivers of the world. They have short legs and feet which (1) ---------- good for moving in the water, but not very good for walking or running. Many of (2) ---------- have long necks which they use to get to their food under the water. They often fly to different places to find food. Ducks eat small frogs and (3) ---------- little water animals. Some people have ducks because (4) ---------- eggs and meat are good to eat. People also have some kinds of ducks because they like (5) ---------- at their beautiful colours. Swans are heavy birds, (6) ---------- they can fly, too. They fly to jar places to find more food. They (7) ---------- . places for their eggs out of grass, on the ground or on little islands. After (8) ---------- month, baby swans come out of the eggs. Baby swans are called 'cygnets'. Sometimes the mother swan carries the cygnets on (9) ---------- back when she is in the water. The cygnets can fly (10) ---------- they are three months old.

Example	lives	**live**	lived
1	is	are	be
2	they	them	their
3	other	another	every
4	his	their	our
5	looking	look	looked
6	if	but	because
7	make	makes	made
8	above	across	about
9	she	her	hers
10	then	than	when
