- **Complete the summary. Use one word from paragraph D of the reading passage for each blank.**
- **Exercise D, p.73 (5 minutes)**

There are two ways to check if a photo is fake. One way is to find a **1** _____.

For example, look for the name of the **2** _____ and any **3** _____ about them online. Another way is to find strange **4** _____ in the photo. For example, maybe there aren't any **5** _____. Check if something is **6** _____ from the photo, such as a building.

D There are several ways you can tell if a photo is fake. First, look for a source—where the photo **comes from**. Is there a photographer's name? Can you find any information about them on the internet?

Second, look for details that make the picture look **strange**. For example, maybe there are no shadows. Or maybe the shadows are in the **wrong** places. Perhaps something in the photo looks too big or too small. Perhaps there is something **missing**, such as a building or a person.
