Subject: A new robot vacuum

Dear Cassie,

How are you doing in college? Mum recently got a robot vacuum called Miss Spotless Robo 3.0. It can sweep, vacuum and mop. You just press a button, and it goes around the house picking up dirt. It's very useful if you have a busy schedule and don't have much time for cleaning. It can even go on carpets and under furniture! Isn't that cool?

Your sister,
Diane

3. Miss Spotless Robo 3.0

A can only vacuum.
B is useful for people with busy schedules.
C cannot go on carpets and under furniture.
