What about **sunshine**?
What about **pain**?
What about all the things
That you said we **was** to gain?

What about **drilling** fields?
Is there a time?
What about all the **kings**
That you said was yours and
nine?

Did you ever stop to **notice**
All the **tears** we've shed before?
Did you ever stop to notice
This **flying** Earth,
these weeping **shoes**?
