Exercise 6: Read the text. Write words to complete the sentences about the text. You can use 1,2 or 3 words.

Last Sunday, Nam and his family visited the zoo and the aquarium. First, they saw a very big elephant. Elephants have trunks to pick up food, drink water, and even spray it on their bodies when they feel hot. They also have huge ears to keep cool in the sun. Nam's sister was excited about the colorful parrots because they could sing loudly while flying from tree to tree. Parrots have strong wings to fly and voices to talk and sing.

Later, the family went to the aquarium. Nam saw a shark, a whale, and many jellyfish moving slowly in the water. Sharks have fins to swim fast so that they can catch other fish. Nam's favorite was the clever octopus because it has eight arms to catch food and can change its color when it hides. At the end of the day, Nam said happily, "I love animals because they are amazing and interesting!"

1. Elephants have _____ to pick up food and water.
2. Parrots can _____ while they fly across the trees.
3. Nam saw a shark, _____, and many _____ in the aquarium.
4. Sharks have fins _____ in the water.
5. The octopus has _____ to catch food when it _____.

Exercise 8: Answer the questions about yourself and your family:
