READING (5 marks)

Match the four texts on the left with the texts in the box.

Texts	***Statements***
1- *A **snowstorm** happens when a lot of snow and strong wind cover everything in white. It makes it hard to travel, and people can't see or drive safely.* _____	A. *People must move to higher places and follow warning signs. They should wait for rescue teams and never go near the sea.*
2- *A **drought** means there is no rain for a long time. Plants die, and animals can't find water. Farmers lose their crops, and people have less clean water to use.* _____	B. *We can plant trees that need less water. Helping farmers and using water carefully keeps life going during dry seasons*
3- *A **flood** happens when heavy rain or storms fill rivers and streets with water. Homes and cars can be damaged.* _____	C. *People should stay inside and wear warm clothes. It's important to keep food and water ready in case the roads are blocked by heavy snow.*
4- *A **tsunami** is a very large ocean wave caused by an earthquake under the sea. It moves fast toward the land and can destroy houses and trees.* _____	D. *Emergency kits with food, water, and first aid help families survive during disasters.*
5- *A **forest fire** starts when trees and grass burn because of hea. It spreads quickly, destroys homes and forests, and fills the air with smoke.* _____	E. *It can be stopped by not throwing rubbish or glass in nature. Firefighters and volunteers' plant new trees to bring back life to burned areas.*
	F. *People can build walls and drains to protect their homes from high level water.*
