PLANTS RULE!

Chorus

Plants are cool and we must treat
them responsibly every day.
Please look after plants every day.
Vegetation rules! OK!

Plants need carbon dioxide, _____, minerals
and _____ to carry out photosynthesis.
Food for them and oxygen for us!

Chorus

Plants are magnificent.
They clean the air and make up some _____.
Most reproduce using spores or _____.
Some have stems and green leaves!

Chorus

Se must look f after the plants
if we want to give our planet a chance.
Plants provide us with food that tastes good,
like healthy _____ and vegetables
