E.	Students and scientists visit it to study the universe and understand how planets move in the space..
F.	They move slowly on land but they swim very well in the sea and they always return to the same beach to lay their eggs.

LIVEWORKSHEETS

READING 2 (Items 6–10) **(5 marks)**

Read the text. Then complete the task.

One sunny afternoon, Sam decided to take a long walk in the small forest near his home. He loved going there because the forest was quiet, and he enjoyed listening to the soft sounds of nature. As he walked along the narrow path, he saw a brown rabbit hopping through the grass. The rabbit stopped for a moment, looked at him with its bright eyes, and then quickly jumped away into the bushes.

A little farther ahead, Sam heard a gentle "tweet". Curious, he looked up and saw a bright blue bird sitting on a low branch. The bird sang a short, cheerful song, as if it were greeting him. Sam smiled and watched it for a few seconds before continuing down the path.

Near a big, smooth rock, he spotted a slow turtle crawling across the trail. Sam quietly sat down and observed the turtle as it moved carefully toward the shade of some tall bushes. It took its time, and Sam enjoyed watching its steady steps.

After two hours exploring the forest and watching the animals, Sam decided it was time to go home. He walked back feeling happy, peaceful, and grateful for the simple but beautiful things he had seen.

LIVEWORKSHEETS

READING 2 (continued)

*For each question, write a short answer (**not more than FOUR WORDS or a NUMBER)***

6. Where is the forest?

_____

7. What animal was hopping in the grass?

_____

8. What color was the bird?
